Dear Ms Steele

I refer to your correspondence of 26 February 2019 seeking declaration of the North Queensland Country Club Resort and Equestrian Centre on behalf of the proponent, Landmark Projects Pty Ltd, as a coordinated project under the *State Development and Public Works Organisation Act 1971* (SDPWO Act).

I wish to advise that I have declared the North Queensland Country Club Resort and Equestrian Centre, as described in the initial advice statement (IAS) dated February 2019, a 'coordinated project for which an environmental impact statement is required', pursuant to section 26(1)(a)(b) of the SDPWO Act, having considered the matters specified in section 27 of the Act.

Details of the project and the project's IAS are available for viewing on the department's website at www.dsdmip.qld.gov.au/NQCCREC.

Yours sincerely

A handwritten signature in black ink that reads 'Barry Broe'.
